

The value of using integrated data to support your SSIP work

Discussion Activity

Directions:

- Break out into small groups (4-6 people).
- Please write in your answers to the questions below.
- We will share back responses with the entire group.

Discussion Questions	Enhance program data systems	Access to comprehensive data systems	Access to longitudinal data systems
What can you do in your agency to support this work?			
What questions can you ask in your state to initiate discussion on data integration?			
What are your improvement strategies that may relate to using integrated data? (See items below)
