# Going Deeper Into the Data Use Component

**Scenario:** As a state, you want to expand your capacity for data use. You have been asked to identify possible areas of improvement based on the IDC Part B Data System Framework.

The Data Use component of the IDC Part B Data System Framework contains three different sections. Choose the section below that is of most interest to you:

- Planning for Data Use
- Analyzing and Disseminating for Data Use
- Using Data and Promoting Capacity for Data Use

In the table below, list the elements of data quality where you would like to expand capacity.
