Use High-Quality Part B Data

Focus Questions for Panel Members

- Is your state working toward full integration of IDEA and ESEA data—in a Statewide Longitudinal Data System (SLDS) or Statewide Student Information System? How hard was it to get a “seat” at the table for those discussions?
- Have you implemented a Data Governance process? How involved is special education in this process?
- What data integrity issues have you encountered and what contributed to them? How have you addressed these issues?
- What are some challenges you have with providing technical assistance to LEAs, and how have you addressed these challenges?
