

Table 2 provides updated school year due dates and systems for SY 2022–23. Keep in mind that *EDFacts* modernization is affecting systems, due dates, and processes for SY 2022–23 data submissions, so these are different from prior year due dates. In addition to being a system where states submit files, *EDPass* will include related metadata questions, which are due with each data submission. The Department of Education previously collected metadata in the IDEA State Supplemental Survey in *EMAPS*.
